27" monitor
dimensions: H103,3 W60,5 D29,8 cm
base: H79,7 W60,5 D29,8 cm

ADVANTAGES

-  **Double security lock**
Only with Harvin can you ensure maximum security for your vending machine, thanks to the double lock designed for strength and solidity.
-  **Customisable columns**
Thanks to Harvin's unique variable geometry, which gives the columns flexibility, you have the possibility of placing different product types into the vending machine. Pat pending
-  **Credit card reader**
The reader accepts credit cards, prepaid cards and private cards, reads contactless technology, chip or magnetic.
-  **European documents and qr code scanner**
It reads identity cards from major European countries, preventing minors from purchasing the vending machine. It allows to scan promotional qr codes tailor-made for your business. (optional)

**THE NEW
INDOOR VENDING
MACHINE THAT
ADAPTS TO YOUR
BUSINESS. QUICK
AND EASY TO USE,
IT SATISFIES EVERY
REQUIREMENT.**

WHY CHOOSING IT?

- Suitable for clubs, restaurants, shopping centres, large stores, gamerooms; all those indoor spaces with a high flow of people.
- Customisable in the choice of products thanks to the column dispensing, adaptable to various sizes.
- Practical and safe thanks to the sale with ONLY a credit card reader, intuitive to use.
- The indoor vending machine Multiface responds to the demand of more and more business people from different sectors who want to seize the opportunity to increase their earnings through sales with self 24 vending machines.
